

Cowie Technology Group Ltd is a long established company specialising in the design and manufacture of products using the fluoropolymer PTFE – polytetrafluoroethylene. Principal products serve the global chemical laboratory, life science and pharmaceutical industries. COWIE™ has a strong brand name synonymous with PTFE, with our product range being sold worldwide. All products are manufactured at our Middlesbrough purpose built factory, additionally we have a subsidiary distribution warehouse in the USA. We have a strong engineering team and offer a custom service to manufacture products to Customer specific requirements.

The purpose of the company is to manufacture quality products at a fair price whilst providing secure employment and stimulating technical progress for an economical and sustainable future. The vision is to identify and utilise new ideas and practises and for the company to continue in the long-term.

Technical Advisor

The position is offered on a part-time basis as it would suit somebody looking for a few hours work per week, however there is scope for additional hours should that be the preferable option. This is an exciting opportunity to contribute to the long term future of the company and its growth, the main function of which is to interpret terms/data for non-scientific staff.

Reporting directly to: Chief Executive Officer
